

HPS™ RACK & PINION STEERING

APPLICATIONS

HPS™ Rack is ideal for all power-assisted sterndrives that can accept a mechanical steering cable and have adequate room for a rack & pinion steering cable behind the dash. It replaces TR188, RX4, The Rack and Back Mount, Rack & Pinion steering without dash modifications. HPS Rack is available in single cable configuration and is for single station use only. It accepts wheels up to 16" diameter.

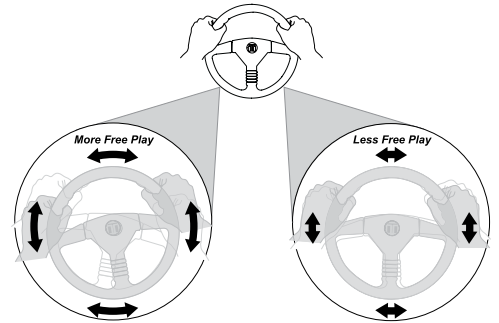

FEATURES

- Designed for boats with power-assisted steering
- Unique Xtreme core steering cable technology delivers incredible response and minimal lost motion
- Precise, 4-turn response of Rack & Pinion steering
- Designed to handle normal steering loads
- Standard 3/4" tapered steering shaft
- Stainless steel cable output ends

HPS Rack™ Single Cable System
(Steering Wheel not included.)

HPS™ Rack by SeaStar Solutions is the best 4-turn single cable way to steer a power-assisted sterndrive or outboard! Ideal for small inboards too, HPS reduces backlash (free-play at the wheel) associated with power steered boats by up to 50%! A great choice for ski boats, too!

Up to 50% Less Free - Play at wheel vs. conventional rack steering.
