

## POWER PURGE Sr/Jr. 50' Extension Hose, Part # HA5462

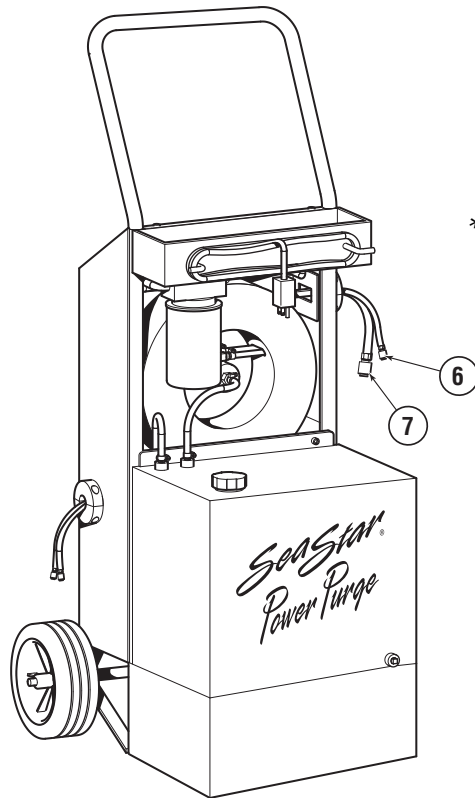

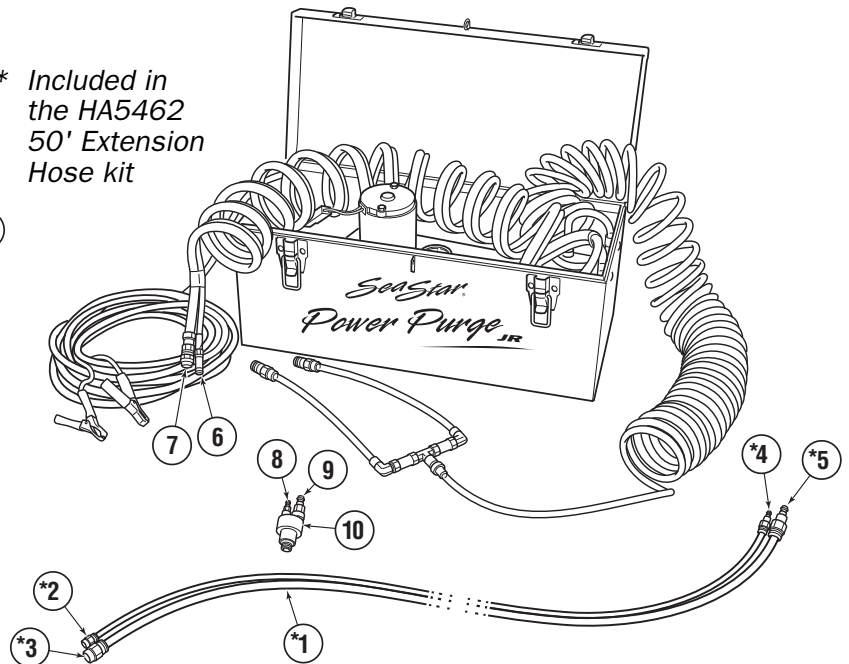

Figure A.

\* Included in the HA5462 50' Extension Hose kit

### Connection Procedure:

1. Make sure the power purge unit is not turned on before attempting to connect the hoses.
2. Connect extension hose ends Items 2 and 3, to helm adapter (item 10) fittings 8 and 9.
3. Connect extension hose ends Items 4 and 5, to Purge Hose fittings 6 and 7.
4. Confirm ALL quick connections are connected firmly and completely.
5. Refer to purging instruction's in the power purge Owner's Manual.
6. Make sure that the power purge is turned off, before continuing on with the next step.
7. After purging is complete, disconnection is the reverse of above.

### CAUTION

**Before starting purging procedure, check that ALL hoses are hooked up properly. Failure to do so will result in a leak**

### NOTICE

*DO NOT pack the 50' extension hose in to the Power Purge Jr. toolbox. Doing this may result in damage to the hose and/or the Power Purge Unit.*
