

# LIQUIFIX LUBRICANTS AND DEGREASER

## LQ-5 FEATURES

- Non-toxic: Meets government requirements for use around food and makes it safe for use in our fragile inland and coastal waterways
- Certified biodegradable and non-staining
- Void of the strong solvents that may damage many common marine materials – in example: nylon, rubber, plastic, aluminum, stainless steel, etc
- Safe for use around electronics – dielectric rated to 35,000 volts

## LQ-5 FILTERED LUBRICANT

### FEATURES

- Lubricates and penetrates to eliminate sticking, binding & squeaking
- Displaces moisture and protects against rust and corrosion
- Will not attract dust or contaminants
- 275° F flash point is significantly higher than traditional aerosol spray lubricants
- High Dielectric Rating 35,000 volt/Mil Per ASTM D 877 (making it safe around electrical panels, circuit boards, fuse boxes)

## LQ-5 DEGREASER

### Features

- Safely removes oil, grease and grime from multiple surfaces
- Dissolves adhesives and black streaks
- Includes a rust preventative to stop flash rust
- Easily rinses away from surfaces
- More effective than water-based degreasers
- 225° F flash point when most other degreasers are highly flammable

## ORDER INFORMATION

DESCRIPTION	PART No.
<b>LQ-5 FILTERED LUBRICANT</b>	
8.5 oz. spray bottle	18-9182
16 oz. spray bottle	18-9183
<b>LQ-5 DEGREASER</b>	
16 oz. spray bottle	18-9180
1 gallon bottle	18-9181

Issue Date - Sept 2013

Issue Number - 015
