

Valid until Aug 31 2018

Warranty Program Flat Rate for Optimus by SeaStar Solutions Steering and Control Products

SeaStar Solutions will be offering a two year parts and labor warranty reimbursement program to Optimus authorized dealers under the guidelines of the standard SeaStar Solutions warranty policy in addition to the warranty statement below for Optimus 360 customers.

All products must be returned to the appropriate SeaStar Solutions facility for inspection before labor reimbursement transaction occurs. Listed below are the flat rate times allocated per claim. Flat rate hours include time necessary for purging hydraulics if needed. We will accept reasonable hourly shop rates.

Please work with one of the SeaStar Optimus field technicians when needed to identify the faulty component and to generate Return Goods Authorization # (RGA).

Flat Rate Hours

SeaStar Solutions Optimus 360 Warranty Statement:

Any damage incurred (including Engines), however unlikely, as a result of the SeaStar Solutions Optimus 360 system being used in conjunction with the Yamaha DEC control system or any other Optimus 360 approved outboard, will be covered under SeaStar Solutions warranty policy.

Labor is only paid if work is performed by authorized Optimus dealer or trained technician.
